

GTI GLE-PH/GLL-PH Luminaires

- Perfect for work environments without the space for desktop viewers or viewing booths
- Daylight D50 (unless otherwise specified)
- High light intensity
- Even illumination of **small to large areas**
- Optional „LightGaurd II“ lamp monitor (/LG)
- Digital (/SP) or analog (/D) dimmer options available
- Spectrally neutral parabolic diffusers for durable, balanced illumination
- All basic GLE models can be hardwired for cost efficiency
- Equipped with On/Off switch and a slim modern design
- Low maintenance costs through easy relamping
